100% PU shine surface 1.0mm thickness. This is Pakistani PU. The Team is an exceptional value training ball suited to both grass and astro turf. Standard color is White.

100% PU shine surface 0.65mm thickness. This is Pakistani PU. Available in sizes 5, 4 and 3, this is a great training ball for all ages.

100% PU dull surface 1.0mm thickness. This is Pakistani PU. Made from 100% woven back PU material it can also be used in frosty conditions.

UPVC kidd (leather grain) surface 1.2mm thickness. This is Pakistani Ultra-PVC. Available in +5 colors.

UPVC shine surface 1.2mm thickness. This is Pakistani Ultra-PVC. Available in +5 colors. Durable training ball resistant to all abrasive surfaces.

TPU shine surface 1.2mm thickness. An improved tough synthetic rubber construction delivers superb shape retention and feel as well as increased rebound and power.

TPU metallic shine surface 1.2mm thickness. This is Chinese PU. Available in +5 colors.

UPVC D-Tone, 1.2mm thickness. A double coated hologram Ultra-PVC offers both protection to the internal design and emboss, and ensures great durability.

UPVC D-Tone (2-Tone), it's surface is shiny, 0.9mm thickness. This is Pakistani Ultra-PVC. Available in +10 patterns and +4 colors each pattern.

Artificial leather grippe surface 1.2mm thickness. This is Korean Microfiber. Street soccer ball. Available in standard White color.

100% PVC shine surface 0.9mm thickness. This is Pakistani PVC. Available in +6 colors.

UPVC shine surface 1.0mm thickness. This is Pakistani Ultra-PVC. Available in +5 colors. Good training soccer ball.

100% PVC matt-finish surface 0.9mm thickness. This is Pakistani PVC. Available in +6 colors.

Korean Materials: Expensive  
 Pakistani: Standard Rates  
 Chinese: Non Expensive

\* Pakistani materials, prices are increasing.
